Régie de l'énergie

APPLICATION FOR APPROVAL OF SUPPLY PLAN AND CHANGES TO GAZIFÈRE INC.'S RATES AS OF JANUARY 1, 2025 (CASE R-4268-2024)

The Régie de l'énergie (the **Régie**) will hold a public hearing to consider the Application by Gazifère Inc. (**Gazifère** or the **Distributor**).

The Régie will proceed to examine this Application in two phases.

Phase 1 will deal, as a matter of priority, with approval of the contractual terms of the agreement the Distributor plans to enter into for its supply of gas from renewable sources (GRS), starting in the year 2025.

Phase 2 will deal with the 2025 rate application, including the 2025-2027 gas supply plan, new programs and associated budgets under the Global Energy Efficiency Plan (GEEP), rate changes effective January 1, 2025, proposed changes to the Conditions of Service and Tariff, projected total revenue requirement for the 2025 reference year, the commodity price of GRS for the 2025 reference year, and the socialization rate for the purchase of renewable natural gas in 2023.

The Régie intends to deal with Phase 1 issues through consultation and to hold a public hearing for Phase 2.

Any interested person wishing to participate in this case must file a request to intervene in accordance with the *Regulation respecting the procedure of the Régie de l'énergie* (the **Regulation**) and the Régie's instructions contained in its Decision D-2024-083 **by noon on August 23, 2024**. Among other things, they must specify the nature of their interest and the manner in which they intend to intervene, and attach the [Liste des sujets](#) form available on the Régie's website.

As stipulated in the *Guide de paiement des frais 2020* (the **Guide**), interested parties planning to submit a claim for costs must file a participation budget with their request to intervene using the prescribed forms. At this stage, the budget for Phase 1 must be attached to the request to intervene.

The Application and related documents, the Regulation, the Guide and Decision D-2024-083 are available on the Régie's website at <https://www.regie-energie.qc.ca>.
